Director of Communications

SUBJECT:

Strategic Plan

Attached is a Strategic Plan that gives guidance for action to individuals in the Office of Communications. This plan is the result of extensive effort by a broad segment of the Office and projects a corporate view of the service oriented organization we are trying to achieve. OC's customers are anticipating a period of growth that will demand that we accelerate every phase of our activities. It is fortunate that adapting to rapid change is not a stranger to us. We must, however, be prepared to give the kind of performance that has traditionally been our hallmark in order to meet this challenge. I remain confident in your ability to achieve the objectives described in this Strategic Plan.
